Technical drawing of a metal plate (I/O rear plate) for NEX-617 MB. The drawing shows a main rectangular plate with various cutouts and dimensions. Key dimensions include overall width 167.80, overall height 41.00, and numerous internal spacing and feature dimensions. A detail view 'DETAIL A 2:1' shows a 95-degree chamfer. A cross-section view shows a 10-degree angle and 7.00mm thickness. The material is specified as SGCC T=0.6. The drawing is for a customer (9089) and is part of a set of 4 sheets.
