EMC Information

FEDERAL COMMUNICATIONS COMMISSION INTERFERENCE

STATEMENT: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

KCC Statement

유선 제품용 / B 급 기기 (가정용 방송 통신 기기) 이 기기는 가정용 (B 급) 전자파적합기기로서 주로 가정에서 사용하는 것을 목적으로 하며, 모든 지역에서 사용할 수 있습니다.

RoHS

This product is RoHS compliant.

About this Manual

This user manual is provided to help you get the most from the US3342 unit. It covers all aspects of installation, configuration, and operation. An overview of the information found in the manual is provided below.

Chapter 1, Introduction introduces you to the 2-Port USB-C Gen 2 Sharing Switch with Power Pass-through. Its purpose, features, and panel components are presented and described.

Chapter 2, Hardware Setup describes the steps that are necessary to quickly and safely set up your installation.

Chapter 3, Operation explains the port selection options and software BEZEL X for US3342.

Appendix provides a list of safety instructions and precautions, contact information for ATEN technical support, product specifications, and other technical information.

Note:

- Read this manual thoroughly and follow the installation and operation procedures carefully to prevent any damage to the unit or any connected devices.
- ATEN regularly updates its product documentation for new features and fixes. For an up-to-date US3342 documentation, visit <u>http://www.aten.com/</u><u>global/en/</u>

Conventions

This manual uses the following conventions:

Monospaced	Indicates text that you should key in.		
[]	Indicates keys you should press. For example, [Enter] means to press the Enter key. If keys need to be chorded, they appear together in the same bracket with a plus sign between them: [Ctrl+Alt].		
1.	Numbered lists represent procedures with sequential steps.		
•	Bullet lists provide information, but do not involve sequential steps.		
\rightarrow	Indicates selecting the option (on a menu or dialog box, for example), that comes next. For example, Start \rightarrow Run means to open the <i>Start</i> menu, and then select <i>Run</i> .		
A	Indicates critical information.

Chapter 1 Introduction

Overview

ATEN US3342 is a 4-port USB 3.2 Gen 2 peripheral sharing device that allows users to share data between four USB devices in two different USB-C enabled laptops. The US3342 is USB 3.2 Gen 2 compliant, which can support data transfer rate up to 10Gps, and also compatible with USB 3.1 Gen 1, USB 2.0 and USB1.1.

With the US3342, you can quickly and effortlessly switch computers by using a convenient remote port selector pushbutton with LED that indicates which computer is being active. It provides the power that matched to USB-C Windows or Mac laptops with PD Profile specifications of 5V, 9V, 15V, and 20V.

Featuring exclusive function by BEZEL X software, the US3342 allows two laptops to share files and data across two different platforms - Window and Mac, by dragging the mouse from one screen to another. The BEZEL X software makes it easier to control and transfer files in a fingertip.

The connecting cables are bundled to save the extra cost of purchasing more USB cables. The additional USB-C cable included in the US3342 package, which allows the users to connect it to the USB-C laptops for flexible installation. The US3342 is the most cost-effective solution for USB-C equipped laptops.

In conclusion, the US3342 with its compact and all-in-one design is an ideal solution for users that seeks to save desk space and keep the desk well-organized in an efficient manner.

Features

- Enables two computers to share 4 USB 3.2 Gen 2 peripheral devices with data transfer rate up to 10Gps
- Supports USB-C Power Delivery 3.0 for laptop charging up to 85W (Additional USB-C Power Adapter is needed)
- BEZEL X Enables file transfer function and mouse control across two platforms Windows and Mac
- Supports power profiles 5V, 9V, 15V, and 20V power specification
- Switch device via Remote Port Selector by pressing a button
- LEDs Console Indicator Allows users to know which computer is active
- Plug and play No drivers or external power adapter needed
- Supports Over-current protection

System Requirement

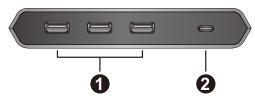

- 2 x PC system (with Windows 10 and above) or Mac system (with Mac OS X 10.12 and above)
- 2 x USB-C Gen 2 cable with 20V, 5A support (package included)
- USB-C interface (USB3.2 Gen 2 is recommended)
- USB-C PD power adapter

Note:For PD charge on Port 1, system with USB-C PD support is required.

Components

Front View

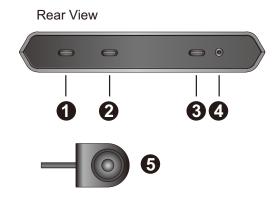

Front View

No.	Component	Description
1	USB 3.2 Gen 2 Type-A Ports	Connects your USB peripheral devices into the US3342 using a Type-A connector.
2	USB 3.2 Gen 2 Type-C Ports	Connects your USB peripheral devices into the US3342 using a Type-C connector.

Note: Total output power is 10W shared by all USB downstream ports.

Rear View

No.	Component	Description
1	USB 3.2 Gen 2	Connects a computer with an USB-C cable into the back of
	Type-C Port 2	the US3342.

No.	Component	Description	
2	USB 3.2 Gen 2 Type-C Port 1 (w/USB PD charge) ¹	Connects a computer with an USB-C cable into the back of the US3342. If you need PD laptop charging, connect your computer to this Port 1.	
3	USB-C DC-in Port	Connects an USB-C power source to power the unit.	
4	2.5mm Jack for Remote Port Selector	Connects with the Remote Port Selector.	
5	Remote Port Selector	When connected to the unit, click the button to switch to the next port.	

Note:

1. Supports USB-C PD laptop charging at 5V, 9V, 15V, and 20V output*.

* For device charging, a Limited Power Source (LPS) certified USB-C PD Power Adapter over 65Watt is recommended. The minimum system power requirement for basic USB functions should be at least 5V, 3A.

1	Console Indicators (Port 1 / Port 2 LED)	The LEDs correspond to the consoles. When the console is switched, the corresponding LED will light.

Chapter 2 Hardware Setup

Please review the safety information regarding the placement of this device in *Safety Instructions*, page 17.

Connecting the Unit

Follow the steps below to connect the US3342 unit.

1. Plug the USB-C Cable between your computers and into the back of the US3342.

Note: If you need PD laptop charging, please plug your computer to USB-C Port 1.

- 2. Plug your USB peripheral devices into the US3342.
- 3. Plug the Remote Port Selector into the 2.5mm Jack on the US3342.
- 4. Plug USB-C power source as recommended.

Note:For USB connector, we do not support USB Type C to USB Type A connector.

Chapter 3 Operation

Please review the safety information regarding the placement of this device in *Safety Instructions*, page 17.

Port Selection

Click the Port Selector (connected to the US3342) to switch between the two connected computers.

The Console Indicator LED will light up to indicate which port is currently selected.

When the LED starts flashing, please check the power consumption of your USB peripheral device, there may be insufficient power for US3342.

When this happened, connects the USB-C power adapter.

Software BEZEL X (Bezel cross)

1. BEZEL X (Bezel cross)

For file sharing function by a cursor move across two desktops, please download the latest "BEZEL X" software installation package from the US3342 product page at www.aten.com/download (search for US3342 and go to the download tab).

2. Execute the file and follow the on-screen instructions to configure detailed software settings.

Software BEZEL X Installation

Installation for Windows Operation System:

To install BEZEL X in a Windows Operation System, follow below steps:

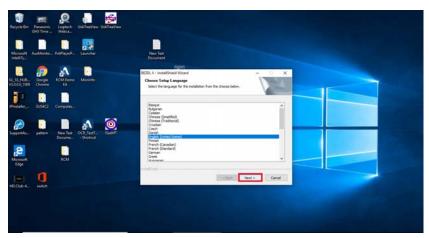

Note: To share files by a cursor move across two desktops, please install BEZEL X on both of your desktops/laptops.

1. Right click on the BEZEL X Install icon and select **Run as administrator** as shown in the picture. If your Windows system does not have Run as administrator, you can select **Open**.

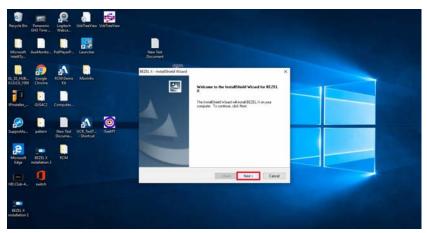

Note: If you are running in a Windows system that has User Account Control (UAC), please select "Run as administrator" as suggested.

2. Choose your desired Language and click Next.

3. Wait for the BEZEL X Setup preparation to finish and the BEZEL X Installation Wizard page will show up. Click **Next** to continue.

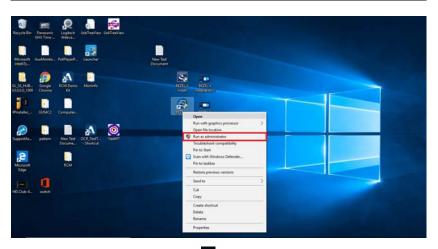

4. Click Install to begin the installation.

- 5. Click Finish when the installation is complete.
- 6. Go to your desktop and run the BEZEL X software. Right click on the BEZEL X icon and select **Run as administrator**. If your Windows system does not have Run as administrator, you can select **Open**.

Note: If you are running in a Windows system that has User Account Control (UAC), please select "Run as administrator" as suggested.

7. Click on the Show hidden icons 🛆 and wait for our BEZEL X icon to turn blue.

8. Double click on the BEZEL X icon to set your current monitor's position.

- 9. Perform steps 1 to 8 on your second Windows desktop/laptop.
- 10. When both BEZEL X icons are light up blue on your desktops/laptops, you can now move your cursor and files across two sources.

Installation for Mac Operation System:

To install BEZEL X in a Mac Operation System, follow below steps:

Note: To share files by a cursor move across two desktops, please install BEZEL X on both of your desktops/laptops.

1. Right click on the BEZEL X Install icon and select **Open With Installer** (default).

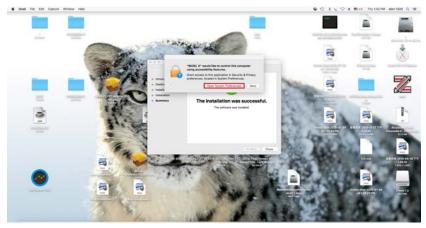

2. Click **Continue** to install the BEZEL X software.

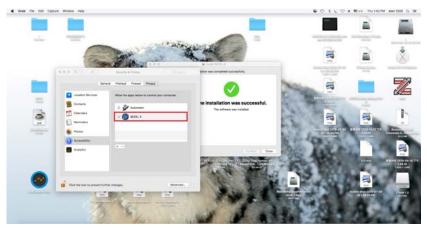

3. Click **Install** to start the installation.

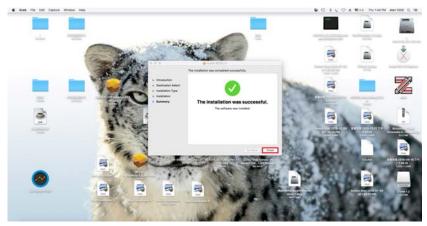

4. A prompt will pop out when the installation is complete. Click **Open System Preferences** if you wish to grant access to BEZEL X. Or click **Deny** and **Close** to finish the installation.

5. Put a check in front of the BEZEL X icon as shown in the picture below.

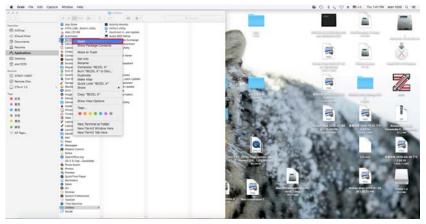

6. The installation is now complete, click Close.

7. To enable BEZEL X utility, go to Menu and select Go and click on Utilities.

8. Find BEZEL X in the Applications, right click and select **Open**.

9. Now you will find the BEZEL X icon on the top right corner of your screen as shown in the picture below and wait for it to turn blue.

10. Click on the BEZEL X icon to set your current monitor's position.

- 11. Perform steps 1 to 10 on your second Mac desktop/laptop.
- 12. When both BEZEL X icons are light up blue on your desktops/laptops, you can now move your cursor and files across two sources.

Firmware Upgrade

For firmware upgrade, please do the following:

- 1. Download and install the Firmware Upgrade Utility from our website. http://www.aten.com
- 2. Open the Firmware Upgrade Utility and follow the procedures.

Appendix

Safety Instructions

<u>General</u>

- This product is for indoor use only.
- Read all of these instructions. Save them for future reference.
- Follow all warnings and instructions marked on the device.
- Do not place the device on any unstable surface (cart, stand, table, etc.). If the device falls, serious damage will result.
- Do not use the device near water.
- Do not place the device near, or over, radiators or heat registers.
- The device cabinet is provided with slots and openings to allow for adequate ventilation. To ensure reliable operation, and to protect against overheating, these openings must never be blocked or covered.
- The device should never be placed on a soft surface (bed, sofa, rug, etc.) as this will block its ventilation openings. Likewise, the device should not be placed in a built in enclosure unless adequate ventilation has been provided.
- Never spill liquid of any kind on the device.
- Unplug the device from the wall outlet before cleaning. Do not use liquid or aerosol cleaners. Use a damp cloth for cleaning.
- The device should be operated from the type of power source indicated on the marking label. If you are not sure of the type of power available, consult your dealer or local power company.
- To prevent damage to your installation it is important that all devices are properly grounded.
- Do not allow anything to rest on the power cord or cables. Route the power cord and cables so that they cannot be stepped on or tripped over.
- If an extension cord is used with this device make sure that the total of the ampere ratings of all products used on this cord does not exceed the extension cord ampere rating. Make sure that the total of all products plugged into the wall outlet does not exceed 15 amperes.
- To help protect your system from sudden, transient increases and decreases in electrical power, use a surge suppressor, line conditioner, or uninterruptible power supply (UPS).

- Position system cables and power cables carefully; Be sure that nothing rests on any cables.
- Never push objects of any kind into or through cabinet slots. They may touch dangerous voltage points or short out parts resulting in a risk of fire or electrical shock.
- Do not attempt to service the device yourself. Refer all servicing to qualified service personnel.
- If the following conditions occur, unplug the device from the wall outlet and bring it to qualified service personnel for repair.
 - The power cord or plug has become damaged or frayed.
 - Liquid has been spilled into the device.
 - The device has been exposed to rain or water.
 - The device has been dropped, or the cabinet has been damaged.
 - The device exhibits a distinct change in performance, indicating a need for service.
 - The device does not operate normally when the operating instructions are followed.
- Only adjust those controls that are covered in the operating instructions. Improper adjustment of other controls may result in damage that will require extensive work by a qualified technician to repair.

Limited Warranty

ATEN warrants its hardware in the country of purchase against flaws in materials and workmanship for a Warranty Period of two [2] years (warranty period may vary in certain regions/countries) commencing on the date of original purchase. This warranty period includes the LCD panel of ATEN LCD KVM switches. Select products are warranted for an additional year (see A+ *Warranty* for further details). Cables and accessories are not covered by the Standard Warranty.

What is covered by the Limited Hardware Warranty

ATEN will provide a repair service, without charge, during the Warranty Period. If a product is detective, ATEN will, at its discretion, have the option to (1) repair said product with new or repaired components, or (2) replace the entire product with an identical product or with a similar product which fulfills the same function as the defective product. Replaced products assume the warranty of the original product for the remaining period or a period of 90 days, whichever is longer. When the products or components are replaced, the replacing articles shall become customer property and the replaced articles shall become the property of ATEN.

To learn more about our warranty policies, please visit our website: http://www.aten.com/global/en/legal/policies/warranty-policy
